THE PROBLEM

EMPTY SPOTS ARE SILENT REVENUE LOSS

There's no bill, no alarm — just revenue you never see. Most owners stay half-full because enrollment runs on referrals and Google luck, not a system.

REFERRALS & LUCK

Unpredictable month to month.

SLOW FOLLOW-UP

Good leads go cold before anyone calls back.

OWNER OVERLOADED

Running the program *and* the marketing.

WHAT IT'S COSTING YOU

EVERY EMPTY SPOT COSTS YOU

\$72,000

a year — quietly. Four open spots at ~\$1,500/month each is **\$6,000 every month** walking out the door. Word-of-mouth can't fill it fast enough.

THE REFRAME

**IT'S NOT A MARKETING
PROBLEM.
IT'S A **SYSTEM** PROBLEM.**

Enrolling families isn't luck — it's a repeatable system of traffic, instant follow-up, and tracking. Most programs simply never built one. So we build it for you.

THE MECHANISM

THE EDUCARE ENROLLMENT SYSTEM

01

We build the ads

Hyper-local Meta & Google campaigns — written, designed & targeted to families within driving distance. You write nothing.

02

AI books the family

The second a family raises their hand, our AI texts them, qualifies them, and books them onto your calendar. No chasing.

03

You enroll & we scale

Every lead tracked in your CRM. We double down on what converts and pour in more spend as your waitlist grows.

DONE-FOR-YOU

THE SYSTEM WE **INSTALL** FOR YOU

Ads

The Traffic Engine

Hyper-local Meta & Google campaigns targeted to families near your front door.

AI

The AI Front Desk

Replies in 7 seconds, qualifies, and books families straight onto your calendar.

CRM

The Enrollment CRM

Every lead tracked from first click to enrolled family — with weekly optimization.
