

Enrollment Growth & Website Proposal

Prepared for **New Gen - Daycare / Childcare Center**
Contact **Nami Wick · shiromica@yahoo.com · (856) 534-1802**
Prepared by **EduCare Leads · 9503-3692 Quebec Inc.**
Date **August 11, 2026**

1. The Opportunity

You currently have **20 open seats** that need to be filled as soon as possible.

\$16,000

Potential monthly tuition from 20 filled seats

\$192,000

Potential annual tuition from those seats

\$24,000

Potential value per child over 30 months

Because families can remain enrolled from age 2.5 to 5, each new enrollment is not just a one-time sale. It is a long-term revenue opportunity for the center.

Right now, your local Facebook activity is already generating interest - approximately **5 interested families per week**. The goal is to turn that interest into a consistent, trackable enrollment system that brings in qualified families, follows up quickly, books tours, and helps fill those seats.

2. Recommended Plan: Enrollment Growth Partnership

Recommended path: **Meta ads + CRM + follow-up + website**

The website matters, but with 20 open seats, the bigger opportunity is a full enrollment system that converts local parent interest into booked tours and enrollments.

- ✓ **Local Meta ads** - Facebook and Instagram campaigns targeted to families in your area.
- ✓ **Campaign strategy** - positioning, messaging, creative direction, audience testing, and optimization.
- ✓ **Lead capture** - forms and landing pages designed to turn parent interest into inquiries.
- ✓ **CRM setup and management** - every lead organized in one simple system.
- ✓ **Follow-up automations** - text and email follow-up so interested families do not fall through the cracks.
- ✓ **Tour booking support** - helping move families from inquiry to scheduled tour.

- ✓ **Website build and hosting** - a professional website that presents your programs clearly and converts local parents.
- ✓ **Reporting** - clear visibility into ad spend, leads, booked tours, and enrollment progress.

3. Investment

Option A - Enrollment Growth Partnership + Promotional Website

Item	Investment	Billing
EduCare Leads service management	\$2,000 / mo	Monthly
Required Meta ad spend	Minimum \$1,000 / mo	Paid directly to Meta
Website build - promotional rate	\$1,500	One-time
CRM and website hosting	Included	Included

Promotion: When you move forward with monthly service management, your website build is reduced from **\$5,000** to **\$1,500**. Meta ad spend is paid directly to Meta and is never marked up by EduCare Leads.

Option B - Website-Only Package

Item	Investment	Billing
Website build	\$5,000	One-time flat fee
CRM and website hosting	Included	Included

This option is best if you only want the website built and do not want ongoing ad campaign management.

4. Why the Partnership Option Makes Sense

The website matters, but with 20 open seats to fill quickly, the bigger opportunity is the full enrollment system:

- Ads generate local parent attention.
- The website and landing pages turn that attention into inquiries.
- CRM and automations make sure every lead is followed up with quickly.
- Tour booking creates the path from interest to enrollment.
- Ongoing management keeps the campaign improving instead of sitting still.

With each enrollment worth **\$800 per month**, even a small number of new enrollments can quickly offset the monthly marketing investment.

5. What Success Looks Like

The immediate goal is to build a consistent pipeline of local families and begin filling the 20 available seats as quickly as possible.

- Qualified local family inquiries
- Booked tours
- Follow-up response rates
- Cost per lead and cost per booked tour
- Enrollments generated
- Progress toward filling all 20 open seats

6. Next Steps

1. Confirm the package you want to move forward with.
2. Complete onboarding and gather school details, photos, program information, tuition notes, and access.
3. Build the website and CRM.
4. Launch the local Meta ads.
5. Track leads, follow up with families, and optimize toward booked tours and enrollments.
