1. A True Partnership

United Friends School has spent more than 40 years building something rare: a warm, values-driven Quaker community that families love. Our role isn't to change who you are - it's to make sure every family who *would* love UFS actually finds you, understands what makes you different, and enrolls.

We don't act like an agency. We embed as your internal enrollment & growth team.

An extension of your staff that owns the marketing, technology, and enrollment engine - so your team can stay focused on educating children.

2. What We Manage - The Full EduCare Ecosystem

- **Enrollment management** - we run the entire family journey: inquiry, nurture, tour booking, follow-up, and conversion, so no prospective family slips through the cracks.
- **Website management** - your site is hosted, maintained, updated, and continuously improved by us. New pages, new programs, seasonal updates - handled.
- **Paid advertising** - we run and manage **Meta ads (Facebook & Instagram)** and **Google ads**, with ongoing creative and landing pages that tell the UFS story authentically and bring qualified local families to your door.
- **AI-powered front desk** - **AI chatbots** and **AI receptionists** answer families instantly, day or night; **automated email & SMS feedback loops** nurture every inquiry; and **tour bookings** are scheduled automatically onto your calendar.
- **Positioning & offer strategy** - we help you stand out: how to present your programs, your value, and your enrollment offers.

- **Growth & program innovation** - we work alongside leadership to grow and evolve your programs (new offerings, summer camp, after-school, community classes, and beyond).
- **Automations & CRM** - every lead, family, and follow-up tracked and automated inside the EduCare platform.

3. How We Work Together

- ✓ **Embedded team** - think of us as in-house, not outsourced: accessible, proactive, and invested in UFS.
- ✓ **Regular collaboration** - ongoing strategy sessions with your leadership to align on goals, programs, and priorities.
- ✓ **Full transparency** - clear reporting on enrollment activity and marketing performance.
- ✓ **We define success together** - from day one we agree on what winning looks like for UFS, and build toward it.

4. Your Investment

Item	Cost
EduCare Partnership	\$2,000 / mo
Full ecosystem management - enrollment, website, marketing, growth & positioning	
EduCare Platform	\$97 / mo
CRM, website hosting, funnels, landing pages, automations & more	
Total	\$2,097 / mo

Advertising spend (if/when running paid campaigns) is separate and paid by United Friends School directly to Meta. It stays in your control and is never marked up by EduCare Leads.

5. The EduCare Platform (\$97 / month)

The technology backbone of the partnership - the "EduCare CRM" where everything lives and runs:

- ✓ Website hosting
- ✓ Funnels & high-converting landing pages
- ✓ Meta (Facebook & Instagram) & Google ad campaign management
- ✓ AI chatbots & AI receptionists - 24/7 instant replies
- ✓ Automated email & SMS feedback loops
- ✓ Lead capture forms & inquiry routing

- ✓ Automated tour bookings onto your calendar
- ✓ Enrollment pipeline & contact management
- ✓ Reporting & analytics - and much more

6. What Success Looks Like

- A steady, predictable flow of qualified, mission-aligned families
- Full classrooms - and a waitlist
- A modern website and brand presence worthy of your 40-year legacy
- Room to innovate and grow programs with a partner who has your back
